

BioDefense 24-7™ SCT

Long Lasting Self-Cleaning Technology

BioDefense 24-7™SCT (self-cleaning technology) is the latest advanced cleaning system designed to improve cleaning, reduce labor and extend the life of cleaned surfaces.

After surfaces are cleaned with **BioDefense 24-7™SCT**; a high energy substrate is formed that causes water and even oils to “flatten” and sheet off the cleaned surface (taking along with it dust and salts that may have accumulated).

Routine cleaning with **BioDefense 24-7™SCT** means water spotting and hard water deposits will become history, and you will put an end to intense scrubbing for removal of oily soils, hard water deposits, and soap scum!

Additionally, **BioDefense 24-7™ SCT** will make your mirrors and glass FOG FREE!

BioDefense 24-7™ makes future cleanings easier and less frequent and is an awesome streak free and no rinse multipurpose cleaner!

One Product for Hard Surface Cleaning

- Glass
- Aluminum
- Concrete
- ABS
- Stainless steel
- Clear coats
- Masonry
- Polycarbonate / Styrene
- Ceramic
- Painted Surfaces
- Stone
- Acrylics
- Plastics
